Join the N176 heading west towards St Brieuc and Dinan. Stay on this road until you pass Dinan and turn off for Caulnes and Broons on the D766. After about 1-2 kilometers, this road becomes the D793 and at the roundabout take the road to Broons. (D793)

Once you arrive in **Broons**, go straight through the centre and bear left after the church in the centre of Broons towards Erec (D793)

**In Erec** take the second exit at the roundabout as you enter the village, heading on the D46 to Langourla (La Poste should be on your right and the Pharmacie on your left)

After about 2 miles you will see a small concrete signpost on the left hand side of the road pointing right to Rouillac. Ignore this. Almost immediately after, you will see another post, this time on the right hand side of the road, pointing **left** to Langourla. Take this road and follow it to the crossroads in the village (big church on your right, shop and bar/tabac in front) Go straight over the crossroads, past the pink Boulangerie on the left and we are about 300 meters further on, on the right.

If you miss the small concrete sign post keep going until you reach a right hand bend by the garage. Turn left here and after a short distance you will see the big church on your left. Turn right by the shop and bar/ tabac.
